**PETITION TO CORRECT FILING DATE AND FILING RECEIPT**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Pursuant to 37 C.F.R. 1.10, please correct the filing date of the above-identified U.S. patent application to **June 19, 2001**. The Filing Receipt mailed on August 13, 2001, incorrectly shows a filing date of June 16, 2001.

The following documents are submitted in support of a June 19, 2001 filing date:

- (1) Copy of Express Mail Label No. EL793271872US, with correct date-stamp highlighted;
- (2) Copy of Return Receipt Postcard, showing "Date Mailed: June 19, 2001," as indicated in red;
- (3) Express Mail Tracking and Delivery record, printed from the official U.S. Postal Service Web Site, showing package acceptance on June 19, 2001, in Seattle, Washington;
- (4) Copy of Utility Patent Application Transmittal with the certificate of mailing certifying deposit with the U.S. Postal Service on June 19, 2001.

This Petition is necessitated by an error on the part of both the U.S. Postal Service and the U.S. Patent and Trademark Office (USPTO).

In filling out the information on the Express Mail label, the postal worker erroneously wrote "6 16 01." This handwritten date was the date entered by the USPTO when processing the application. However, the correct filing date of June 19, 2001, can be found on the official U.S. Postal Service date-stamp (enclosed), as well as on the other documents submitted in support of

this Petition.

The Filing Receipt contained a number of errors besides the erroneous filing date. Enclosed is a copy of the official Filing Receipt for the above-identified patent application, which has been marked in red ink to identify the corrections needed. Copies of the Patent Application Transmittal Sheet and filing fee payment check, verifying the correct information, are also enclosed. The corrections are as follows:

Under Fil Fee Rec'd, replace "1114" with --1600--.

Under Tot Claims, replace "38" with --50--.

No petition fee is enclosed, as the requested corrections are due to USPTO error.

Respectfully submitted,

Dated:

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

**PLEASE NOTE the following information about the Filing Receipt:**

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 500 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:
